RE: Your Letter Dated February 15, 2005
30 Day Post General Report (10/14/04-11/22/04)

Item 1: The two line items have the correct year to date balances (Col B of the 11/22/04 Post General Report.) We did amend the 10/13/04 Pre General Election Report (see FEC-150438 - which supersedes FEC-144359) on November 4, 2004. Below is my analysis:

Col B 10/13/04 (FEC-150438)	Col A 11/22/04 (FEC-152448)	Col B 11/22/04 (FEC-152448)
--------------------------------	--------------------------------	--------------------------------

Line 11(a)(iii) 1526590.73	9965.00	1536555.73
----------------------------	---------	------------

Line 11(c) 893158.63	44000.00	937158.63
----------------------	----------	-----------

It may be that you added the Col. B numbers of the original 10/13/04 Report (FEC-144359) to the Col. A numbers of the 11/22/04 Report. This would result in an error on Col. B of the 11/22/04 Report.

Item 2: The 6 checks you mentioned that we reported as being received on 10/30/04 (which was a Saturday) came in over the weekend and were deposited on Monday, 11/1/04. We dated the checks 10/30/04 (Saturday) but could not deposit them till Monday (11/1/04). I was not in the office over the weekend and when I did deposit the checks on Monday (11/1/04) I mistakenly thought that I did not have to report the checks since it was the day before the election when I deposited them. It may have been better to date the contributions on the date deposited (11/1/04). I apologize for this error and will be vigilant to report checks within 48 in the future.

Sincerely

Robert J Bohnert
